**Condom Sense:  
Are you  
aware?**

1. Condoms are financially profitable: Time magazine, 8/15/88 p. 65.

2. Condoms can be promoted to backup racist philosophies: Margaret Sanger, Founder of\* Planned Parenthood, wished to curb, "...uncontrolled fertility of the unfit..." Birth Control review, December 1921.

3. Condom users may be lied to: "misinformation" about condom safety: ASAP?AIV Policy, Vol. 2, P.12; also see Ray Kerrison, NY Post, 12/92.

4. Condoms not used: JAMA, June 20, 1990, vol 263: pp 3155-315; also, American Journal of Public Health, 1988: #78: pp 460-461..

5. Condoms Fail:  
Family Planning Perspectives,  
July-Aug, 1988; also, FPP,  
Sept/Oct, 1986, p. 204:  
authors Jones and Forrester,  
FPP, vol. 24:12, Dec. 1992;  
CM Roland, Rubber World, vol.  
208, June, 1993

6. Condoms leak or break  
26% of the time:  
American Journal of Nursing,  
10/89, p. 1306; British  
Medical Journal, 7/87.

7. Condoms fail to prevent pregnancy 27.5% annually, in vever-married teenage girls:  
Jones and Forest, FPP, 1/92, p/15

8. Condoms fail to prevent pregnancy 36.3% annually among single, young minority women: Jones.Forrest, FPP, 5/89, p. 105.

9. Condom distribution has increased sexual activity, pregnancy, and HIV transmission by at least 48%: FPP, 1/90, p.21;  
July-August, 1988, p.194;  
Jacqueline Kasum, Humboldt State University. Increase in non-virgins 25%" Fpp, Jan. 1991, p.11-12, Sanfrancisco study.
